GOOD GAME LOST BY WILD HEAVES

Salem Loses to Sebring by 2-1 Score

PLAYED FAST, SPICY GAME

Rafferty and Phelan Twirled in Grand Form—Salem Was Blanked Until Ninth Inning—Meek's Long Drive a Feature.

Two wild heaves in one inning by Salem's premier shortstop, Faulkner, proved the undoing of Manager Steverding's Independents and paved the way for the winning score to go prancing to the Sebring standards in one of the fastest games in which Salem has participated this season, played at Sebring Wednesday afternoon. The score of 2 to 1 fails to indicate how the two nines struggled to land the victory, and only casts a few glances at the spice and ginger of the game. Salem grasped the last opportunity and narrowly escaped a coat of whitewash by counting in the ninth.

After having time and again batted him from the box, the Salem Independents fell prey to the teasers of their old friend, "Pete" Rafferty, who let them down easy with five hits and shut them out until the last round. Rafferty twirled in rare form but, notwithstanding, he failed to reach the record of our own Joe Phelan. To illustrate how admirably Phelan worked one can but point to the second inning, when he struck out the side and almost duplicated this feat in the fourth, when the first two batters withered before his steaming twisters. Four bingles, no two of which came in the same inning, were presented to the Sebring nine, and with a like record behind him Phelan would easily have been the victor.

But one feature loomed up conspicuously in that battle, and a Salem player carried off the honor. With one dead in the fourth Meek met the pellet fairly with his willow, and it descended across the race track, one of the longest drives in the history of the Salem team. Meek raced around to second and was bearing down upon third sack when by an almost perfect throw by Myler in left, the ball reached third an instant before the runner and in a close decision the umpire favored the fielder.

A feature that proved to be as conspicuous as the one just mentioned, but which Salem fans are loathe to mention was the throwing of Faulkner at short. Faulkner fielded cleanly; in fact, sensationally at times, but out of six chances he hit the bullseye but once. Two grandstand stops by Fageley at first saved the shortstop from two other errors, while three wild throws were marked against him.

A base on balls in the third made possible Sebring's first score. With one man down Rafferty was walked Bumgartner singled to right, Rafferty going to third. Myler bunted along first base foul line, allowing Rafferty to cross the pan. Neigle flied out.

Sebring counted again before Salem got into the game. In the sixth Neigle was safe at first on Faulkner's bad throw, after one was down. Vanfossan scratched a hit to pitcher and Neigle went to third. Reed hit to short, Faulkner threw wild again and Vanfossan scored. Reed was then caught between second and third.

Salem was shut out until the ninth Steverding led off with a single, but was retired at second on Jones's infield hit. Meek fanned. Fageley placed a timely single over second and Jones trotted home. Faulkner went down

Score:

		R.	H.	E.
Sebring	..0 0 1 0 0 1 0 0 *	—2	4	2
Salem	....0 0 0 0 0 0 0 0 1	—1	5	3

Batteries—Salem, Phelan and Meek; Sebring, Rafferty and Reed. Two-base hit—Meek. Earned runs—Salem 1. Passed balls—Meek, Reed. First base on errors—Salem 2, Sebring 3. Left on bases—Salem 4, Sebring 6. First base on balls—By Phelan 2, by Rafferty 1. Struck out—By Phelan 6, by Rafferty 5. Stolen bases—Brimlow Jones and Jenkins. Sacrifice hits—Steverding, Phelan, Myler 2. Errors—Faulkner 3, Vanfossan, Neigle. Time—1:20. Umpire—Eells.

Notes of the Game.

Old rivals met and battled in friendly rivalry.

Rafferty's record of striking out the first two batters who faced him was shattered to pieces when Phelan retired the side on strikes.

Meek's long hit was a healthy swat and it was by mere luck that he was retired at third.

Fageley's one-hand stabs saved Salem players from errors on several occasions.

Calladine reached third twice, but each time was stranded there.

Sebring's battery, with "Judy" Reed backing up "Pete" Rafferty, looked familiar to Salem fans who were present.

The game was among the shortest of the season.

Sebring will be here for a return game next Wednesday.

Faulkner had an off day both at bat and in the field. Although he scooped everything up without a mishap, his wing was somewhat disabled and the

BIG CONVENTION OF POTTERS ENDS

Atlantic City, July 16.—The N. B. O. P. at noon today closed a busy, harmonious and important convention. President Thomas J. Duffy and Secretary Edward Menge, both of East Liverpool, were re-elected without opposition, and seven vice presidents were chosen. The delegate to the American Federation of Labor is Geo. Martin. For the next convention Atlantic City was chosen by a large majority.

LITTLE PROGRESS TOWARD SETTLEMENT

No progress was made in the adjustment of the water question as taken up by council as a whole and the representatives of the waterworks company at City hall Wednesday night.

The rates not specified in the proposition of council as recently accepted by the company were touched upon, but the universal opinion of the various members of council seemed to be that the rates mentioned should be set down by the water company in a separate copy for each councilman, that they might have opportunity to carefully consider each rate separately and without undue haste.

With this understanding, Mr. Andrews returned to Cleveland Thursday and will at once have these copies made and sent to council, thus eliminating any possible misunderstanding between that body and the water company, and insuring a final decision one way or the other on each rate by the several members. This will make possible a final caucus on the question prior to the next regular meeting on July 21.

TWO SALEM YOUNG MEN ARRESTED IN ALLIANCE

On Tuesday night the railroad police at Alliance arrested James Post and Morris Evans, who stated that their home was in Salem, for trespassing upon railroad property. The men were taken from a passing train, and on Wednesday morning were arraigned before Squire James Dalzell. The young men pleaded guilty and stated that they were from Salem, where the father of Post was once a police officer. The squire imposed a fine of $10 and costs upon each, but later suspended the sentence for an indefinite period providing they would leave the city at once.

PUSHING WORK ON THE AMERICAN C. & R. PLANT

Work on the new plant of the American Case and Register Co. proceeds rapidly, the walls now having reached the top of the windows and many of the sash are set. The main building on the south side will be completed first, as it will be first used, the office building and other rooms to be completed later.

AMERICA LEADS AGAIN

London, July 16.—America again took the lead in the Olympic games this morning. A vast crowd saw Martin Sheridan, Irish-American, hurl the discus 134 feet 2 inches, beating his own record of 132 feet, and completely smashing the old Olympic record. Three Americans won honors in this contest.

Beware of Water in The Centennial Park Well

Health Officer Dr. E. J. Schwartz Thursday received a report on the sample of water from the well at Centennial park, as recently submitted by him to the state board of health. The analysis is accompanied by the following letter:

Columbus, O., July 15, 1908.

Dr. E. J. Schwartz, Salem, O.:

Dear Doctor—I enclose herewith a copy of the analysis of a sample of water from your new city drilled well. From a chemical standpoint the water would seem to be on a good quality, the high nitrates probably having no special significance. The bacterial count is high for the well, and you will notice the presence of intestinal bacteria. Unless this bacterial contamination can be explained by carelessness in collection of the sample, or by some surface contamination which can be prevented, this well should be looked upon with suspicion.

Yours very truly,
C. O. PROBST, Sec'y.

STIFF SENTENCE CAUSED COLLAPSE

Lisbon, July 16.—Frank Rigdon, the young man who received a six years' workhouse sentence from the probate court several days ago, was taken to the Canton workhouse today by Deputy Sheriff Eells. Rigdon suffered a nervous breakdown after sentence was passed, and has made no end of trouble for the jailers. He refuses to stay in his cell alone at night, and unless somebody is with him makes the night hideous with his yells and groans.

BETTER PAY YOUR TAXES BEFORE MONDAY, JULY 20

Lisbon, July 16.—Under the new law allowing 30 days grace for the payment of taxes, next Monday will be the last day on which taxes can be paid. Nearly everything is in but the taxes from the eastern part of the county, which are expected before the week closes.

WILL CONVERT AUTO INTO HOSSLESS TRUCK

Harry Schaeffer, who recently returned from Panama, has purchased the high geared, automatic Bottumless automobile formerly owned by Cash Johnson, and expects to convert it into a horseless delivery truck.

Installing Natural Gas.

Workmen are today installing natural gas connections in the Salem Auto Garage, where artificial gas was formerly used.

Mrs. Peeples arrived home from Alliance this morning, where she has been visiting a week.

MANY DESTITUTE AND NEEDING AID

Letters have been received in this city from Miss Ruth Garwood, the Salem girl who is teaching school in Porto Rico, in which she solicits aid for islanders burned out of home and clothing on July 4. On that day 36 homes were burned and many, including Americans who are there, are in destitute circumstances.

Among those whose homes were burned was the Methodist minister, and the Methodist Episcopal church of this city is preparing to send aid. Part of the collections will be sent at once, and more will be sent next week. Special collections will be taken at the M. E. church as well as at other churches in the city on next Sunday, and all contributions will be forwarded at once. Contributions are being received by Francis Rice and Fred Stiffler, both of whom will be grateful for any other contributions.

SALEM UNIONISTS GOING TO CANTON

Preliminary steps were taken by Trades Assembly at a meeting Wednesday evening to attend the Labor day celebration to be held in Canton. The members decided to go to Canton on that day, and a committee was appointed to visit the other unions in the city and find out how many wish to attend. It is the intention, if possible to have the Salem unions attend the celebration in a body. The nomination of officers was taken at the meeting and these will be voted on at the next meeting.

New Company Organizes.

The Columbiana Manufacturing Co., recently incorporated under the laws of Ohio, has organized by electing the following officers: President, F. H. Grove; secretary, C. V. Calvin; treasurer and general manager, T. A. Denkenberger. The new company is a consolidation of the Columbiana handle works and planing mill and cement works. The manufacture of all kinds of handles, cement and concrete work and the doing of all kinds of planing mill work will be the business of the company.

HOFFMAN CASE HAS MANY UPS AND DOWNS

The case of Wm. Hoffman in the Warren courts threatens to drag along after the manner of the Salem water question. It seems that after Chief of Police Flowers of Warren took young Hoffman to that place on July 5, the boy was held until the following Friday without a hearing, and claims that during that time he only received two sandwiches at a meal. On Friday, July 10, he received his first hearing at 1:30 before Mayor Wm. Kirkpatrick, who promptly discharged the prisoner.

Through his attorney, K. L. Cobourn, a replevin action was brought in the court of Justice Wonders to recover the ponies which Hoffman had received in turn for the horse when he traded with O. E. Bailey, and the hearing set for Monday. Immediately upon his discharge from Mayor Kirkpatrick's court Hoffman was re-arrested on another warrant sworn out by Bailey for securing goods under false pretense, and he was again locked up. The replevin case in Wonder's court was held over on account of the second hearing in the mayor's court, at which latter Hoffman was bound over to the grand jury in the sum of $300. At the request of his attorney he was committed to jail and Attorney Cobourn asked the probate court for a hearing, for the purpose of continuing the replevin case in Wonder's court without delay.

The probate court discharged the prisoner on the second charge, and on Wednesday at 9 a. m. the replevin case was started. At 6:30 the jury of five disagreed and remained so until 10 o'clock. As a result there will be a new jury and a new trial next Monday.

WIFE WITH ANOTHER, KIBLER SHOT TO KILL

Ravenna, July 16.—Frank Kibler of Palmyra, Portage county, came to Ravenna yesterday afternoon and surrendered himself for shooting Roy Craig. Craig is in the White hospital here with a bullet through his lungs and one through his back. He will probably die.

Craig, who is a passenger conductor on the Alliance, Lake Erie & Northern railroad, says Mrs. Kibler was with him in a buggy Tuesday night, when Kibler met him and shot him. Kibler refuses to talk. The parties are prominent.

Kibler declares Craig had a revolver and was reaching for it, with an oath, when Kibler fired.

Mrs. Kibler leaped out of the buggy at the firing and later accompanied her husband home.

The rig was abandoned and the horse, which belonged to a Newton Falls liveryman, was found in a tennis court in that town.

New Prospecting Company

Jacob Detwiler of Columbiana is one of the incorporators of the Lincoln Fuel, Oil and Lumber Co. which recently perfected an organization at Huntington, Pa., capitalized at $300,000. The company will prospect in oil, coal, gas and lumber, and the location of their field makes the proposition a most promising one. The incorporators organized by electing the following officers: President, J. L. Houseman, Cleveland; vice president, C. E. Wyatt, Huntington; treasurer, Jacob Detwiler, Columbiana; secretary, L. C. Dennison, Cleveland; general manager, G. Nease, Huntington.

SALEM MECCA OF AUTO CLUB

To be Guests of Dr. and Mrs. H. W. Thompson

DRIVE FROM PITTSBURG

Dinner to Be Served in the Evening on the Spacious Lawn—Auto Parade, Entertainment at Broadway Theater and Other Features.

At their spacious home, 322 Garfield avenue, Dr. W. H. Thompson and wife will entertain the members of the Wilkinsburg Automobile club and their families on Saturday evening and over Sunday. This auto club is composed of 74 members, of which Dr. Stephens is president and Dr. W. C. Cook secretary, both of whom are Wilkinsburg (Pa.) residents.

The party, consisting of 22 machines, each of which will carry from four to seven passengers, will leave Pittsburg Saturday morning at 7 o'clock, selecting the route via Darlington. At that place they will take luncheon at the Darlington hotel, of which Ed Cole is proprietor. They will leave Darlington at 2 o'clock, coming directly to this city, which they expect to reach about 4 p. m.

Upon arriving in this city the party of automobilists will go to the Thompson home, where they will be entertained during their stay here. The large lawn will be lighted with Japanese lanterns, and here at 7 o'clock the guests will be seated to an elaborate dinner. Gilson & Brickner's orchestra has been engaged for the evening, and will render selections during the serving of the lunch.

After lunch the guests will form in an automobile parade, headed by Mayor Al Carlile, after which they will go to the Broadway theater, where they will be guests of Manager F. Y. Allen, who has invited them to stay for a few shows. Returning to the Thompson home they will again be entertained by Dr. and Mrs. Thompson. Dr. Thompson will send up several paper balloons and will then furnish moving pictures with a machine which he possesses.

The members of the Wilkinsburg Automobile club and their families, over 100 of whom are expected, will spend Saturday night at the Thompson home, and many will spend the entire day Sunday. A few will leave for their homes Sunday noon, while others will remain until evening and make the trip by night. Dr. Thompson selected a date near the time of a full moon on which to entertain this club, so that the trip may be made home Sunday night by moonlight.

OPPOSES CHANGE IN NEW PRIMARY LAW

Columbus, July 16.—Representative Bronson of Franklin county, who was the author of the primary election bill bearing his name and which constitutes a large part of the Huffman primary election law passed last winter, said today that he though it would be change to this law any at the next session of the legislature because of the fact that it does not go into effect until the first of next January, and hence it will not have been in use long enough to get a fair try-out. If it needs revision, he thinks it would be best to put this off until the succeeding session, when it will be better known.

BOARD ORGANIZES; AWAITS REPORTS

Conumbus, July 16.—Wednesday was the day fixed by the state for the organization of the state board of appraisers and assessors of the interurban railways of the state for taxation, and the board met and organized by electing State Auditor Guilbert as chairman and George Taylor, the chief clerk of the department, secretary. The board is composed of the state auditor, the attorney general, the state treasurer and the members of the state railroad commission. The appraisement reports are not in yet, and the board adjourned to meet when these are at hand.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mansell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Here is President Roosevelt's opinion of Wm. H. Taft: "No matter what a man's occupation or social position, no matter what his credit, his color or the section of the country from which he comes, if he is an honest, hard working man who tries to do his duty toward his neighbor and toward the country he can rest assured that he will have in Mr. Taft the most upright of representatives and the most fearless of champions. Mr. Taft stands against all privilege, and he stands pre-eminently for the broad principles of American citizenship which lie at the foundation of our national well being." And as many voters this year regard the personality of the candidate of more importance than the planks in party platforms, it is immensely satisfactory to be assured from such a high source of the Republican candidate's excellent qualities. That Wm. H. Taft will, as chief executive, recognize a man for his worth and not for his money or social position, is more intimately related to the future welfare of the Republic than any amount of carefully written and cautiously adopted policies.

Just now the popular magazines are filled to overflowing with school advertisements that are being read with considerable concern by parents. A noticeable feature of many of these announcements this year is the emphasis placed on the opportunities offered for manual and technical training for boys by many of the private preparatory schools and colleges. Back of this is the big fact that our public schools in many cities are not meeting the modern need—are not appealing to the boy or the boy's father. The girl is allowed to attend the public school until she graduates. The boy quits or is taken out and begins the mastery of a trade in a shop, or is sent away to one of those private schools which so carefully describes the advantages offered. When financial stringency makes the latter course impossible the correspondence school comes to the boy or father and offers its aid. The public school, except in comparatively rare instances, continues in its old, accustomed course, which the desirability or practicability of manual and technical training is discussed learnedly.

The Alliance Leader is out in a suggestion that fruit trees be planted along the public highways for the benefit of the general public, a practice which is followed in some foreign countries. But the suggestion, to be in strict keeping with the European plan, should be slightly altered. The fruit and nut-bearing trees along the highways in Europe are not merely placed there for the accommodation of hungry travelers along those highways. The fruit from the trees is regularly harvested by road supervisors and sold, the revenue from which is applied to the public road fund. In Italy there are highways that are absolutely self-supporting because of the crops of olives harvested along the roadway every year.

Arthur I. Vorys, when asked whether there was any basis for the Democratic claim that Ohio would go for Bryan this year, said: "This is the time when the Democrats always carry Ohio in a presidential campaign." The approach of November will destroy a lot of that typical Democratic confidence.

The contest in the Olympic games in London has already narrowed down to England and the United States. These two nations have engaged in contests before, and the result has always been satisfactory to Uncle Sam.

Alliance's board of public service has decided to purchase $500 worth of street corner signs which will be placed in the near future. Salem's appearance would be improved by similar action. And when the streets are all properly marked the house numbers should not be forgotten.

STORIES OF BUCKEYE LIFE.

NEWS GATHERED ESPECIALLY FOR OHIO READERS.

Happenings in Various Cities and Towns in the State Are Chronicled.

Will Aid Weak School Districts.

Columbus, O., July 16.—State Auditor Guilbert has decided after a conference with the attorney general to use the $45,000 appropriated by the legislature last winter for use as state aid to weak school districts, on all school districts created since the passage of the state aid law in 1905. When the law was enacted no funds were provided for use and so until now the law has remained a dead letter. The law provided that no district should pay its teachers less than $40 a month.

Bicycle Thief Is Arrested.

Sandusky, O., July 16.—But a few hours after he had been married to Miss Gertrude Jackells, a waitress, Dominic Malzana, aged 21, an Italian singer, was arrested and charged with being the bicycle thief who has baffled the police for weeks by his wholesale thefts. Wednesday he and his bride were spending their honeymoon behind prison doors, as she also is alleged to know something about his operations. Malzana has confessed to ten thefts of bicycles.

Palmyra Man Shot a Conductor.

Ravenna, O., July 16.—Frank Kibler of Palmyra came to Ravenna on Wednesday and surrendered himself for shooting Roy Craig. Craig is in the hospital here with a bullet through his lungs and one through his back. He probably will die. Craig, who is a passenger conductor on the Alliance, Lake Erie & Northern railroad, says Mrs. Kibler was with him in a buggy Tuesday night when Kibler met them and shot him. Kibler refuses to talk.

Carrie Nation Won a Race.

Lima, O., July 16.—The largest second day attendance in the history of Lima driving park witnessed some excellent racing Wednesday. Exciting finishes featured each heat. Summaries: 2:16 class trot, purse $400—Carrie Nation won, Harry R. second, Queen of Woodcliff third. 2:18 class pace, purse $400—Legal Jr. won, Banner B. second, Ernest Burns third. 2:21 class trot, purse $400—Norvina C. won, Avaneel second, College Belle third.

Day Sues C., L. & W. Railroad.

Cleveland, July 16.—United States Attorney Day instituted action Wednesday against the Cleveland, Lorain & Wheeling railroad and the Baltimore & Ohio Co., operating the line, for alleged failure to comply with the safety appliance law. It is charged that on a number of specified dates the company operated cars without the required automatic couplers and air brakes. The law is a federal regulation.

Dynamite and Buildings Burned.

Cleveland, July 16.—Three buildings and 5,000 pounds of dynamite belonging to the American Dynamite Co. were destroyed by fire Wednesday at Amherst. Ten workmen were in the building but all escaped. There was a slight explosion of gasoline. Fire does not cause dynamite to explode. A match lost by a workman started the fire. The loss is about $3,000.

The Ohio plant of the Carnegie Steel Co. at Youngstown is reported to have received a large order for steel which will keep the plant running for several weeks. Orders have been issued to rush work on the open hearth steel department.

The list of birds given above is a copy of my first report to the biological survey of the United States department of agriculture at Washington.

It is as complete as two observers—who can give only a few hours a week to the study of the birds—could make it; giving as it does, the the birds seen during the spring migration of 1908, beginning with February 16 and ending May 31. This does not include the 12 or 15 winter and permanent resident birls.

While on several occasions we wandered outside of Perry township, the birds in the list were seen within the limits of Perry township. When we remember that our township has an area of only 16 square miles, it is all the more remarkable to think that such a large number of birds could be seen within a short distance of our city. In fact, many of the species in the list were seen within the city limits; a few of the rarer ones being seen in the park.

The list contains the names of 86 species. Fifty-one species, or nearly two-thirds of the list, breed in our locality; while about the same proportion of them were plentiful enough so that they became common. The last four on the list were seen by Mr. Cooper only, while I likewise had a few that he did not see; otherwise the majority on the list were common enough so that we both got to see at least a few specimens. There are a few exceptions, however, that are worthy of note, namely, the purple finch. We each saw only one, the observations were over two weeks apart and nearly a mile distant in the location; so it is difficult to tell whether it was the same bird. This was the first time either of us had ever seen any of that species. The other two are the Louisiana water thrush and Tennessee warbler. These were seen one and three days apart, in the same locality, and no doubt were the only ones of their respective species.

But so erratic are some of the migrants, that it is impossible to tell whether or not they will stop in any locality. A year ago the red-breasted nuthatch was an abundant visitant; this spring, however, not one was seen. This spring, too, the myrtle or yellow rumped warbler all but missed us, for only a few were seen. I only call attention to these few instances to show the irregular manner of the migration. I received recently a reply from the report sent to the biological survey, in which the writer says: "Warblers with you were evidently much more common than with us," showing again the queer movements of the birds. This temps me to say that the study of the birds, especially during migrations, never loses its interest to the bird student; the next rod in field or wood may bring something new.

The News has kindly gone to the trouble and expense to tabulate this report; therefore, the readers, bird students and scholars in our schools who have been studying about the birds should preserve this copy for future reference.

In making up this report I was assisted by Mr. George S. Cooper, who had observed some of the species at an earlier date. These dates are given in most instances and mine follow as "next seen."

It is difficult to know where to draw the line between "common" and "rare." One observer will find a certain species very common; another observer in the same locality will rarely find a specimen of the same species.

It might be interesting to many to know how many birds I saw during the several months. My list for January only numbered 14 species; that of February, 19; March shows a large gain, giving a list of 36; April, the tide has begun to move, for a list of 58 is on my book; May, the high water mark of them all, shows a list of 82 species for the month.

During the 14 weeks covered by this report, I made about 40 trips; visited the park about 25 times. Estimated number of miles tramped, 125.

The largest number listed on any one morning was on May 15, when 53 species were listed. Other high record mornings were 45, 50 and 51 species. The largest record for the park was on May 21, when 34 were listed.

Important to Mail Subscribers

New Ruling of Postmaster General Requires Payment in Advance.

The postmaster general has just issued an order which, in effect, compels the publishers of papers to stop a subscriber's paper, when the time for which it was paid has expired. Heretofore most publishers have continued to send the paper after the expiration of the time paid for, unless expressly ordered not to do so by the subscriber, and if the subscriber accepted it from the postoffice he was held liable for payment, as his acceptance of delivery was considered as an implied agreement to take it.

Under the new ruling the postmaster is not allowed to deliver papers to subscribers by mail, who have not expressly ordered their papers renewed, and the date printed upon the address label, must show that the subscriber is not in arrears, or the paper will not be delivered, unless the publisher affixes a one cent stamp to each delinquent copy.

The order went into effect on January 1, 1908, and we urge all who are now in arrears to remit as soon as possible.

ALL SUBSCRIBERS ARE HEREBY NOTIFIED THAT PAYMENT IN THE FUTURE MUST BE MADE IN ADVANCE.

The department has ordered that a publisher, who fails to comply with the order, will forfeit the second class postal privilege for his paper.

LaGrippe

BRAZILIAN BALM kills the tough grip germ. In 27 years it has never lost a case; never let it run into pneumonia; nor left a grip-wreck behind. It is a world record.. Beware of quinine, morphine, (or opium in any form), whisky, bromides, mercury, for they kill no germs, whether in tablets or prescriptions. They are dangerous and often fatal in grip. Every case of pneumonia; every death; every grip-wreck, has followed the use of such pernicious drugs. Take BRAZILIAN BALM and take it freely.. The tiny doses —all—sufficient in croup, cougs, colds and ordinary fevers—are too small and slow in battling with the grip germ. Get the 50c or $1.00 bottle and take HALF A TEASPOONFUL in hot water every THREE HOURS; and be sure to follow up the treatment for two weeks after you think you are well, to annihilate the last remaining germ in lungs, kidneys and other organ and prevent the evil after effects.

CHILDREN WILL SEND BIG CHRISTMAS BOX

The children of the primary department and Junior Christian Endeavor of the Presbyterian church are working on a box to be sent to the Presbyterian Industrial school at Asheville, N. C., where they support a scholarship. The local members have graduated one scholar, who is now teaching, and are now maintaining the scholarship for the graduate's successor.

An all-day sewing bee was held last Thursday in the interest of the school and the sewing will continue until the last meeting in August, at which time the box will be shipped. These societies are also helping home missionaries on the frontier, a box of bedding clothing and gifts being contributed each Christmas. Last year the box went to New Mexico and the year before to South Dakota. One box they sent to Arizona and reached a missionary who proved to be a Mr. Bierkemper, who as a boy lived near Patmos.

CHURCH GIVEN SHARE OF THE SHAW PROPERTY

Lisbon, July 16.—The will of John Shaw, deceased, late of Center township, has been filed, and will be heard July 21 A commission was issued to Jacob Beilhart of Engleside, Ill., directing him to take the deposition of B. S. Young, a subscribing witness to the will. The deceased leaves all of his property to his sisters, Eliza J. and Mary A. Shaw, and provides that at their death $1,000 is to be given the foreign mission fund and $1,000 to the home mission fund of the United Presbyterian church, and $200 to the board of extension of the church. The remainder of the estate is to be divided abong the children of Robert Shaw and Jane Shaw, brothers of the deceased. J. T. and Mervin Shaw, nephews of the deceased, were named executors.

Indictments Defective

Lisbon, July 16.—The four counts against Leroy Barr of Wellsville, who was jointly indicted with Bertha Porter on a charge of selling liquor in a dry town, were continued yesterday on motion of the prosecuting attorney. The three other accounts against Mrs Porter were also continued, the first count against her being knocked out because of defects.

Angelo Seek, another Wellsville man indicted for selling liquor in a dry territory, was given a verdict of not guilty by the jury after instructions by the court. The indictment was defective, not even mentioning the name of the city wherein the alleged offense occurred.

All Recommendations In.

Columbus, July 16.—Up to late on Wednesday afternoon all the counties recommendations for the appointment of deputy election supervisors had been filed with the secretary of state by all counties except four, and in response to telegrams sent to these answers were received that they would report today, when the entries close. These recommendations are filed by the county committees, and if there is no contest the recommendation is followed by the secretary in the appointment. There are fewer contests this year than usual, two being Republican and five Democratic. Two supervisors for each county will be appointed on August 1, one Republican and one Democrat.

Taken to Massillon.

Judge C. C. Bow of Canton was in Alliance Wednesday morning, and together with Dr. A. C. Ball and Edgar Shimp, accompanied Mrs. Edgar Shimp to Massillon, where she will take treatment at the state hospital. Dr. Ball and Dr. P. W. Welker were in consultation on the case Wednesday. Mrs. Shimp has been a patient at the sanatorium at Cuyahoga Falls for some time. Mrs. Shimp is well known in Salem.

FREIGHT RATES TO BE INCREASED SOON

Pittsburg, July 16.—There is no longer doubt in the minds of well-informed Pittsburg railroad men that freight rates are to be increased in the territory between the Ohio river and the Canadian border, and the Mississippi and the Atlantic by October 1. It is admitted that schedules have been prepared by rate clerks in Chicago and are ready to be submitted to the interstate commerce commission for its approval.

It has been known for several months that such a move was in contemplation, and it has often been stated that work was in progress, but there was no direct information as to the time when the railroads expected to place the increased rates in operation. The mere fact that freight was light even under existing schedules was taken as evidence that nothing would be done this year, but latest information is that when the plan was decided upon preparations were made at once to put it in operation.

While the exact advance is not known, it is stated that it will average fully 10 per cent, and almost everything in the line of freight is included.

In some quarters it is held that the inauguration of higher rates will take the railroads into the markets for rails and the millions of dollars of other supplies that they so badly need. If this is true every rail mill and other mill will be pushed to its capacity to supply the demand. Fortunately, the mills in the Pittsburg district are in position to meet every demand which might be made upon them, which would mean the employment of largely increased forces.

New Company Incorporated.

Columbus, July 16.—The Colombiano Cuba Development Co. of East Liverpool has been incorporated with $25,000 capital stock by Frank Lowe, B. F. Hinton, J. W. Schmelzenbach, Geo P. Ikirt and J. T. Croxall.

Found the Missing Suit Case.

Troy, N. Y., July 16.—What is considered the most important point yet developed in the Teal pond murder mystery came into possession of the police Wednesday when Detective Kaye found the suit case which Hazel Drew carried the day before she was murdered and for which the police have been searching. From articles found in the suit case it is established that Hazel Drew did not intend to go to Averill park on the day she was murdered and the theory is advanced that she was murdered in Troy and taken to Teal pond, where her body was cast into the water.

Uncle Sam Claims Priority.

Norfolk, Va., July 16.—The United States government filed a petition in the Jamestown exposition federal court litigation here Wednesday asking protection as a creditor of the exposition on account of its $1,000,000 loan and claiming priority of payment over everything else owed by the exposition company. The balance due the government is $897,953.

Ohio City Is Swept by Fire.

Lima, O., July 16.—Fire which started last evening threatens the destruction of Ohio City, west of here on the Chicago & Erie railroad. Communication with the village was cut off at 10 o'clock and at that time a lumber yard, Brown's livery barn and two residences were consumed. The loss was then over $60,000.

A Big Deal in Oil Lands.

Lima, O., July 16.—Neely, Kerr & Co. of this city on Wednesday sold to the North Fork Oil Co. and William Strain of Oil City, Pa., 490 acres of developed oil property with 38 wells and a daily production of 1,000 barrels, for $530,000. The property is located in the Crawford county, Illinois, field.

A Strike of Boilermakers.

Bellefontaine, O., July 16.—A strike of New York Central boilermakers was called Wednesday after it was thought all differences had been adjusted. The company is attempting to force the piecework system in its new shops at Beech Grove, near Indianapolis.

Bayne's Successor Is Chosen.

Columbus, O., July 16.—State Fire Marshal Rogers has appointed Charles F. Cowell of Cleveland assistant fire marshal for the Cleveland office, to succeed William M. Bayne, who was killed last week in an automobile accident.

Mrs. H. W. Kirkbride and daughter, Mildred, spent Wednesday at the home of Mr. and Mrs. Arlie Osborne, of Canfield.

TO SECURE A LOAN.

There is always people who have money to loan, and they are glad to get in touch with reliable parties who can give suitable security. To reach such place a small classified advertisement in The Salem News, have replies addressed to some letter or box in care of the paper, and you have accomplished your desire in a quiet, convenient way. The cost is insignificant, 25 cents for not more than 25 words in three issues of the paper.

THE DEATH RECORD

Solomon Klyne.

Solomon Klyne of Berlin Center died Wednesday morning at the home of his deaughter, Mrs. Caroline Leonard after an illness of several months with a complication of diseases. He was about 85 years of age and had been a resident of Berlin Center since 1847. His wife died about seven years ago. The following children survive: Mrs. Caroline Leonard of Berlin Center, L. F. Klyne of Youngstown, Dr. C. M Klyne of Youngstown and C. J Klyne of Deerfield.

The funeral will be held from the residence of his daughter Friday morning, July 17, at 10 o'clock. Interment at Ellsworth.

FRANKED ENVELOPES FOR PENSION VOUCHERS

A Warren paper states that notice has been received there to the effect that all vouchers returned to the government for pensions will hereafter be sent on franks. The Salem office has received no such notice, but it is inferred that in the future the department in sending the checks or orders for pensions to the veterans will enclose a stamped or franked envelope in which the pensioner can return the voucher without placing a stamp upon it, and it is more than likely the envelope will have the address printed upon it, thus saving much trouble and effort for the declining soldiers, many of whom have to rely upon assistance in handling their papers.

LISBON TENNIS TEAM WILL PLAY IN THIS CITY

Representatives of the Lisbon Tennis association will come to this city next Monday afternoon to play return tennis matches with representatives of the Deuce Tennis club of this city, whom they defeated in singles and doubles recently at Lisbon. Messrs Gailey, Wisden, Potts and Yocum will represent Lisbon against Messrs J. G. Woodruff, Harold Brian, John Mead and Fritz Mullins of the local club. Three matches of doubles and two of singles will be played at the local court on Franklin avenue.

SECOND BAND CONCERT TO BE HELD JULY 20TH

NEW WATERFORD

New Waterford, July 16.—A five-barrel oil well was struck on the Rich farm, near here, this week, and it was expected that gas would be reached on the A. B. Cope farm today. Drilling was stopped and the fires extinguished last evening. Drilling will be started on the Lycurgus Huffman farm next week.

Walter Taylor is having a new concrete residence built.

Sam C. Scott and family are in Canton today, where Mr. Scott is attending the district millers' convention.

School Aid Fund Available

Columbus, July 16.—After a conference between officials of the offices of auditor of state and attorney general it was decided that the $45,000 appropriation for the aid of weak school districts could be used to meet deficits incurred as far back as 1905, when the Duval law was passed making $40 a month the lowest wages for teachers. This appropriation was allowed by the legislature last winter, but nothing was said in the law as to the period it should cover. In view of this omission it was assumed it should go back to the time when the salary law was enacted.

PROBATE COURT

Lisbon, July 16.—The will of Jonas Wetzel, late of Perry township, was admitted to probate yesterday, and Bertha L. Wetzel named executrix without bond. William Crumrine, Albert Kennedy and D. E. Mather were appointed appraisers.

Albert Russ of East Rochester was yesterday appointed guardian of Aaron Shulenbarger, who was committed to the Massillon insane asylum some time ago. Russ gave bond for $2,000.

A Tip for Hard Riding Cyclists.

An authority on the mechanics of physical exercise has the following suggestion on "getting your second wind," which will be of interest to bicycle riders who are called upon for long continued effort. The early distress which often follows the first 15 minutes of hard riding occurs because while the rate of breathing is not increased, the action of the heart is materially quickened. With the first symptoms of fag or distress one should force the respiration, breathing deeper and deeper. Thus by causing the respiratory muscles to act in accord with the involuntarily heightened heart action, the lungs are cleared of the excess of waste matter that has been dumped, so to speak, into them, and with its disappearance the distress, due primarily to a shortage of oxygen, disappears also.

GOOD GAME LOST BY WILD HEAVES

(Continued From First Page.)

ball failed to land at the right destination.

BRIMLOW HAS CHANCE TO BECOME O. & P. LEAGUER

That the Salem team may lose one of its best infielders, as well as batters, is not generally known among the fans, but is, nevertheless, a well-established fact. The work of Brimlow at second is being watched by minor leaguers, and he has already been offered a chance to enter the ranks of the O. & P. league. The management of the McKeesport team of that league is making an effort to land Brimlow for use as a backstop and utility infielder. He has communicated with the local second baseman, who has in turn written for terms of a contract.

Brimlow's work at bat and in the infield is not questioned by fans who have witnessed him in his work with the Salem team. He holds his place among the leaders in batting, and has established a great fielding record for a second baseman. Though he has been seen behind the bat but a few times in this city, Brimlow is as much at home in that position as any other in the infield, and would be certain to make good in the O. & P. League. What Salem would do without his services is an easy guess, but if he has an opportunity to take a step higher, every local fan would undoubtedly wish him success.

Return Game With Sebring

The opportunity to retrieve the loss of Wednesday's game to Sebring will come to the Salem nine on next Wednesday noon when the Potters will be here for a return game. It had been announced that the return game would be played Saturday but the arrangement has been changed. On Saturday a Youngstown team will come to this city in which event Holloway will possibly be sent to the mound.

Sebring will play at Alliance Saturday afternoon. The South Side Athletics will play the Leetonia team at the latter place and the Fulton Hook and Ladder team will go to Greenford to play another game.

Great Game at Lisbon

Manager Cochran of the East Liverpool officials' baseball team is getting his team into shape for the big game to be played with the county officials at Lisbon next week. The game was scheduled to take place this week, but owing to the absence of Mayor S. W. Crawford of East Liverpool the date was changed.

The county officials are also rounding into shape. Arrangements are being made for a banquet to be held after the game, when enemies on the diamond will meet as friends at the banquet table. Several from this city will probably go to witness the game.

Moore Returns to Sebring

Gene Moore, who Salem fans will remember, did great work in the box for Sebring three years ago, is expected to return to that place this week, and will again be seen in harness for the pottery nine. Since leaving Sebring Moore has been playing with South Bend in the Central Central League. Hereafter Sebring will have a staff of pitchers consisting of Rafferty, Maley and Moore. It is not improbable that Moore will twirl the game against Salem next Wednesday.

Yes, It Pays.

East Liverpool Review: Salem has two new factories building. There are also a number of new houses going up, and The News of that city is worried lest there will not be enough. Salem has a board of trade and a Boosters' club, and evidently finds that it pays to maintain them.

LISBON K. OF P. TO ENTER COMPETITIVE DRILLS

Lisbon, July 15.—Lisbon company No. 60, Uniformed Rank Knights of Pythias, is making great preparations to attend the biennial encampment which will be held in Boston this year the first week in August. The local company is the only Ohio company entered in the competitive drills for which there are cash prizes aggregating $11,000.

Class D, in which the competing companies are requested to be represented by 18 sir knights and three officers, is the drill the local company will participate in. Three substitutes will accompany the regular squad, making a party of 24 in all to leave here Saturday night, August 1, and be in camp in Boston by Monday morning, August 3. They will remain in camp six days.

For some time the local company has been drilling perseveringly, and hopes to carry off one of the three prizes in its class, $500, $400 and $200. The company has been drilling twice a week, but next Monday will start to drill daily from 4 to 5 o'clock in the morning, except Saturday and Sunday.

Somewhat of a problem has been presented in the matter of securing funds to defray the expenses of the company, but the situation has been successfully met.

MAY RECEIVE ADDITIONAL COMPENSATION FROM COUNTY.

Columbus, July 16.—City solicitors in cities where mayor acts as police judge will be pleased with an opinion by Assistant General W. H. Miller, which is that where the solicitor serves in state cases the county commissioners may allow him compensation and determine what he shall receive. It has been the impression generally that he could not draw anything in addition to his regular salary. Another opinion by the same official is that adults of means must support their parents if destitute.

NATURE'S WARNING

Salem People Must Recognize and Heed It.

Kidney ill come quickly—mysteriously.

But nature always warns you.

Notice the kidney secretions

See if the color is unhealthy—

If there are settlings and sediment,

Passages frequent, scanty, painful,

It's time then to use Doan's Kidney Pills.

To ward off Bright's disease or diabetes.

Doan's have done great work in Salem.

Mrs. Susan McGlynchy of 103 Etna street, Salem, O., says: "Backache and too frequent action of the kidneys annoyed me for a long time. Often during cold weather my kidneys were so active and the secretions so profuse that I could not get my sleep, but would get up sometimes six or eight times during the night. After using two boxes of Doan's Kidney Pills procured at Bolger & French's drug store I was completely cured of the trouble. I am pleased to recommend Doan's Kidney Pills, for I know they possess great curative powers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, cole agents for the United States.

Remember the name—Doan's—and take no other.

Lawyers' Acts to Be Investigated.

Mansfield, O., July 15.—Following the request of George Brinkerhoff, a local attroney, that an investigation be made of recent scandalous rumors in connection with members of the Richland county bar, Judge Mansfield on Tuesday appointed ex-Circuit Judge Jenner, ex-Congressman Kerr and John Kramer as the committee to make complete investigation of many alleged fraudulent transactions and bring charges against any members of the bar if found guilty. Many sensational facts are expected to be brought to light by investigation.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certin in results. Bolger & French.

Fire Drills Are Held in Stores.

Cleveland, July 15.—Fire drills are being inaugurated in Cleveland's big stores for the protection of customers. The idea is practically new, although one or two have had them for some time. Many requests for fire wardens to take charge of drills and instruct the employes are being received by the city fire department.

A Revelation.

It is a revelation to people, the severe cases of lung trouble that have been cured by Foley's Honey and Tar. It not only stops the cough but heals and strengthens the lungs. L. M. Ruggles, Reasnor, Iowa, writes: "The doctors said I had consumption, and got no better until I took Foley's Honey and Tar. It stopped the hemorrhages and pain in my lungs and they are now as sound as a bullet. Bolger & French.

A Doubly Fatal Accident.

Pittsburg, July 15.—Three boys were injured, two of them fatally, on Tuesday by the breaking of cables suspending the balance weights of the fire escape of a department store here.

A WELCOME IS GIVEN MR. KERN

BY CITIZENS OF INDIANAPOLIS WHEN HE RETURNS HOME.

A NON-PARTISAN RECEPTION.

Vice President Fairbanks Took a Prominent Part in the Affair, Paying a Fine Tribute to His Neighbor.

Indianapolis, July 16.—The non-partisan reception given John W. Kern, the newly nominated Democratic candidate for vice president of the United States, held in the court house yard last night on the candidate's arrival home from Denver, was as hearty, generous and spontaneous as the citizens of Indianapolis, regardless of politics, could make it. Fully 5,000 persons gathered in Delaware street and in the court house yard and gave Mr. Kern a hearty welcome and cheered him.

The candidate addressed the crowd for about 20 minutes, following his presentation by Charles W. Fairbanks, vice president of the United States. Four years ago Mr. Kern presented Mr. Fanrbanks to a big non-partisan gathering under similar circumstances.

Mr. Kern arrived in the city a little after 6 o'clock and was escorted to his home by a large procession. He arrived at the court house with Vice President Fairbanks a few minutes after 8 o'clock.

Mayor Bookwalter extended a greeting as Mr. Fairbanks and Mr. Kern ascended the platform. Mr. Kern was warmly welcomed on the platform by prominent men, who were there by special invitation.

Mayor Bookwalter with a few remarks presented Vice President Fairbanks. "We have met," the mayor said, "to do honor to a fellow citizen who has brought honor to all of us."

Vice President Fairbanks spoke about ten minutes, paying a fine tribute to his friend and neighbor, John W. Kern. The vice president recalled that four years ago when he returned to the city a vice presidential nominee, Mr. Kern was one of those to give him a hearty welcome. Mr. Kern responded in a short speech, thanking the people for the welcome given him.

Mr. Kern met many old friends and made a lot of new ones as he rode toward home from Chicago.

At Kankakee, Ill., a large crowd was at the station and a number of men boarded the train and shook hands with Mr. Kern. The town of Fowler stopped business to see the train come in. Mr. Kern did not attempt to make a speech, but shook hands with all who could reach him.

At Lafayette, Ind., a stay of ten minutes was made and a huge crowd was at the station.

Lost 50,000 Members Last Year.

Denver, July 16.—The annual report of Ernest Mills, secretary-treasurer of the Western Federation of Miners, which was submitted to the convention Wednesday, shows that the organization lost 50,000 members during the past year. The total membership January 1, 1908, was 38,116. The report says $189,589 was expended in the defense of Haywood, Moyer, Pettibone and Adams on murder charges.

Woodmen Sue Bank for $420,000.

Des Moines, Ia., July 16.—The Modern Woodmen of America filed a suit in the federal court here on Wednesday for $420,755 against James H. Jamison, receiver of the First National Bank of Chariton, Ia., and L. O. Murray, comptroller of the currency. The petitioners demand a sum of $350,000 cash, that was deposited in the bank with interest from December 7, 1907, and a lien of $70,755.

Laundry Combine Is Legal.

St. Louis, July 16.—An opinion was rendered Wednesday by Circuit Judge Reynolds in deciding a motion in the injunction proceedings recently instituted by Circuit Attorney Sager against two dozen laundry companies to restrain them from forming an alleged illegal combination, holding that the laundries may go as far as they like in effecting a combination.

Survivor of Famous Disaster Dies.

Duluth, Minn., July 16.—John B. Sutphin, 60 years old, formerly mayor of Duluth and state weighmaster for several years past, died last night. He was the sole survivor of the steamer St. Clair, which burned to the water's edge with all on board nearly 30 years ago, on Lake Michigan.

Sheriff Burned a Saloon.

Coffeyville, Kan., July 16.—Last night Sheriff Riley and three deputies from Nowata, Okla., after confiscating ten barrels of beer for evidence and arresting the proprietors, set fire to and destroyed a saloon erected just over the Oklahoma line.

A Bank Failure.

New York, July 16.—The three banking places of Frank Zotti & Co. were closed Wednesday and policemen were placed on guard at the doors. Liabilities are over $125,000.

Nervous women should profit by Mrs. Barton's experience with Lydia E. Pinkham's Compound.

Mrs. Helen Barton, of 27 Pearson Street, Chicago, Ill., writes to Mrs. Pinkham:

"I was all run-down, and on the verge of nervous prostration from overwork and worry, and ill in bed, when I began taking Lydia E. Pinkham's Vegetable Compound. After I had taken it a week I commenced to get better. I continued its use, my nervous trouble disappeared, and I am completely restored to health. I hope Lydia E. Pinkham's Vegetable Compound will benefit other women as it has me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Says Hughes Will Run Again.

New York, July 15.—"Gov. Hughes will run for office again if he thinks the people wish him to do so." This was the opinion offered last night by Rev. Walter Laidlaw, chairman of the committee of the anti-race track gambling campaign, following a talk with the governor at Saranac Inn.

Plot to Kill Czar Fails.

Berlin, July 15.—A dispatch from Sosnowice, Russian Poland, states that a plot against the czar's life has been discovered there. The conspiracy had many ramifications. More than 100 men and women were arrested at Sosnowice, charged with being implicated in the plot.

SEVEN MINERS WERE KILLED

BY AN EXPLOSION OF GAS IN A COLLIERY NEAR POTTSVILLE, PA.

TEN OTHERS WERE INJURED.

Mine Was Wrecked and Set on Fire—Some of the Victims Were Battered and Burned Almost Beyond Recognition.

Pottsville, Pa., July 16.—Seven mine workers were killed and ten others injured Wednesday by a terrific explosion of gas in the Williamstown colliery of the Summit Branch Mining Co. in the lower part of the anthracite coal fields. The mine was wrecked and set on fire.

The explosion occurred in No. 1 shaft of the colliery and is believed to have been caused by one of the men lifting the gauze of his safety lamp just after an explosion of a shot which brought down a large body of coal.

The explosion shook the entire colliery. The work of rescue was immediately begun and when volunteers were called for almost every man at the workings offered his services, which meant a hazardous trip into the burning mine.

Near the foot of the shaft the injured were found, they having rushed toward the entrance only to fall over unconscious. All of the dead were found a short distance from the shaft, battered and burned into an almost unrecognizable mass.

Physicians from Williamstown and nearby villages treated the injured, while a number of women volunteered their services as nurses. Several of the injured were removed to their homes after receiving temporary treatment, but others were in too serious a condition to be moved until night and cots were provided for them. The doctors say that three of the injured may die.

One of the injured was taken to the morgue and it was not until an identification of the bodies was made that it was found that he was living. He was badly burned and battered, but will probably recover.

The fire in the mine probably will be extinguished before much damage is done.

The Williamstown colliery is operated by one of the companies controlled by the Pennsylvania Railroad Co.

Steve Adams Is Acquitted.

Grand Junction, Col., July 16.—Steve Adams, member of the Western Federation of Miners, was on Wednesday acquitted of the murder of Arthur Collins. Adams' alleged confession of the crime was excluded as evidence by Judge Shackelford and eight witnesses testified to an alibi for the accused man. Collins who was manager of the Smuggler-Union mine at Telluride, was shot on the night of November 19, 1902, while playing cards in his office.

Sewer Caved In—Four Men Killed.

Youngstown, O., July 16.—Four workmen, one unidentified, were killed Wednesday by the cavein of the new Grace avenue sewer here. The known dead are: John Dyak, Euwen Muldevan, Tudor Borad and Ralph ———. Dyak met death in an effort to save his countrymen.

Paid $6,500 for His Freedom.

New York, July 15.—Francis G. Bailey, president of the bankrupt Export Shipping Co., and a fugitive from justice upon a charge of grand larceny, has become an officer in the navy of Honduras, according to statements made by a friend of his here. Bailey's recent escape from a United States detective was brought about by a naval officer of Honduras, to whom $6,500 had been paid by the prisoner. Bailey was a sailor before he entered business and his friend here said that Bailey, under another name, is now in the Honduran navy.

UNIFORM RULE OF TAXATION IMPRACTICABLE.

Mr. F. A. Derthick, Master Ohio State Grange:

My Dear Sir:—I believe that the uniform rate on property valuations is impracticable, causing deception and therefore leading to immorality, and not as productive as a tax system adjusted to meet existing conditions. State constitutions should leave the collection of taxes under broad laws to the State legislatures, aided by expert tax commissions. Sincerely yours, W. M. Hays, Assistant Secretary of Agriculture, Washington, D. C.

OHIO BANKERS

Tell How Money Escapes From Taxation.

Investments Made in Non-Taxable Bonds—Why Taxation Amendment Should Be Adopted.

In response to letters of inquiry about withdrawal of deposits from Ohio banks to avoid taxation, bankers have made answers as follows:

"I do not think that there has been to exceed ten thousand dollars change from the tax assessment in this bank this year. I have, however, in the past been connected with an institution whereby the withdrawals at tax assessment time would aggregate in the neighborhood of one hundred thousand dollars. While this is not the information you were looking for, it is along the line that you are working, and I, like yourself, know the effect of it, especially in the money centers."

"As far as we are able to judge, we have had no withdrawals. We do not think that a law to exempt money from taxation as suggested in your plan will meet with the approval of our citizens."

"We did sell $17,600 in nontaxable bonds (Ohio). None of this money was on deposit with us except $600. The $17,000 came in from outside; $8,000 was taken out of a safety deposit box in our vault. I presume this $17,600 was changed around to avoid tax."

"The amount of such withdrawals was about $5,000, out of a total deposit of about $118,000. Wish to say, however, that many of our depositors do not consider it necessary to reduce their deposit account, simply contenting themselves by failing to list the full amount of such deposits."

"During the year quite an amount has been invested in non-taxable municipal bonds, and in United States bonds. These investments were, in every case, made to avoid taxes. And other investments are made that are taxable, but not returned. In our town the rate is a little over 3 per cent. Realty is assessed at about one-third to one-fifth of its value, making the rate equivalent to about 1 per cent, while money is taken at its full face, making the rate a little over 3 per cent. As long as this lasts money will not be returned, and people can not be blamed for not making proper returns. If the taxes were just and equal, most of it would be returned. I think realty should be assessed at about 40 per cent of its true value, and money should be taxed at not to exceed 1 per cent for any and all purposes, with heavy penalty for not making proper returns."

"In our community the rule is that between January 1st and April 1st most of the investments held, such as notes and mortgages, are paid off and reinvested. During the last few years this reinvestment has to a large extent been in non-taxable bonds. I believe that some revision of our tax laws should be made, and if I could be of any service along that line I would be pleased to have you call upon me."

"We attribute it to the desire to escape taxation that $10,000 was withdrawn from our bank during the week previous to assessment day. Our average deposits are about $115,000.

"We are heartily in favor of the proposed taxation amendment and hope that it will be adopted."

"I beg to advise that the withdrawals of deposits during assessment week and because of the assessment period, was a considerable amount, considering the small amount of deposits a small bank like us would naturally have. I would estimate the amount at between $15,000 and $20,000, and I think it is a custom that is practiced throughout the state. I don't see why your plan is not a good one."

"Our deposits run down during assessment week in each year from $40,000 to $50,000. As our deposits average $300,000, the percentage would be from 12 to 15 per cent.

"If tax inquisitors are allowed to inspect bank books it might mean ruination, as it might be impossible to call in enough loans to meet the drain on deposits. We are therefore very much interested in having the laws on taxes adjusted with justice, and in a spirit of fairness."

"The investment of money prior to tax listing day in non-taxable securities, amounts with us to several hundred thousand dollars annually."

"We had invested in bonds during the month of March for the purpose of avoiding taxes, in round numbers, $35,000.00, about 10 per cent of our deposits."

FOES OF LIQUOR TRAFFIC MEET

IN NATIONAL CONVENTION, UNDER THE PROHIBITION BANNER.

THE FIRST DAY'S SESSION

Was Consumed in Receiving Reports of Committees—Speech of Temporary Chairman Patton Arouses Enthusiasm.

Columbus, O., July 16.—The Prohibitionists' national convention, which met here Wednesday, worked under a temporary organization throughout its sessions and adjourned until Thursday without hearing a report from the committee appointed to select its officers. In fact, little was accomplished beyond naming the members of the various committees and receiving the reports of the committees on rules and on credentials. There were no contests before the latter body and its report, as well as that of the committee on rules, was largely perfunctory.

The committee on credentials announced that 37 states and one territory were represented by 1,126 delegates. There were no contests.

The committee recommended that Mrs. Carrie Nation be given a seat in the convention as a representative of the District of Columbia. The report was adopted without dissent.

The committee on permanent organization will report this morning, and Prof. Charles Scanlon of Pittsburg, one of the numerous candidates for the presidency, will be named as the permanent chairman.

The presidential nomination is still open, and there has been no marked preference in favor of any candidate. It was agreed early Wednesday that the nomination could be had by Seaborn Wright of Georgia if he would express a willingness to accept it. Before the convention met it was said by Charles R. Jones, chairman of the national committee, that the nomination would be the result of an open struggle.

The name of Joshua Levering of Maryland, who was the nominee in 1896, was strongly favored by many, but the friends of Mr. Levering were not disposed to push his candidacy unless he was assured in advance of the nomination. They said that inasmuch as he had once been the standard bearer of his party, a refusal by the present convention to place him again in that position might be construed as a repudiation of his former efforts in behalf of the party. James P. Tracy of Detroit is making an energetic canvass, and sentiment is steadily growing in favor of his nomination. The Illinois delegates are pushing Daniel R. Sheen of Peoria.

The friends of Robert H. Patton of Springfield, Ill., temporary chairman of the convention, are rapidly increasing and a movement in his behalf took tangible shape when he concluded his address at the first session of the convention. Mr. Patton's speech, both in matter and in manner of delivery, made a strong impression on the delegates; and before the morning adjournment had been taken his boom was fairly under way. The Indiana delegates led the movement in behalf of Mr. Patton.

The friends of Charles Scanlon, who is to be the permanent chairman of the convention, say that they feel greatly encouraged over the progress their candidate is making. Mr. Scanlon made an address last night in Memorial hall to a large number of the delegates and their friends, and it was received with much applause.

Decision Rendered in a Test Case.

Chicago, July 16.—In a decision handed down Wednesday by Judge Kohlsaat in the United States circuit court, the jurist enjoined the issuance of transportation by the Chicago, Indianapolis & Louisville Railway Co. to the publishers of Munsey's Magazine in exchange for advertising. The decision was rendered in a test case.

Vorys Confers With Taft.

Hot Springs, Va., July 16.—Arthur I. Vorys, manager of the national campaign for the Republican party in Ohio, arrived at Hot Springs Wednesday and had a long talk with Judge Taft on conditions in Ohio. Mr. Vorys expects that Ohio will give the Republican ticket an old time majority next November.

The picnic committee of the bar association includes David B. Day, Judge Fawcett, Judge Aungst, W. O. Werntz, A. M. McCarty and Col. J. J. Clark, president of the association.

Goes to Circuit Court.

Lisbon, July 16.—The case of Perry O. Lyon vs. the Pennsylvania Co. was moved to the circuit court yesterday by the defendant, giving bond for $300. The suit is for damages said to have been suffered by the plaintiff when a hot spark flew in his eye from a passing engine at East Palestine which the plaintiff charges was due to negligence on the part of the defendant.

Alliance City Picnic in August.

Alliance's annual picnic will be held this year under the auspices of the Knights of Pythias on Wednesday, August 26, at Silver Lake. Three trains will be chartered for the occasion and will consist of ten coaches each, to accommodate the crowd. All places of business will be closed on that day, and the general public is invited to attend.

Entry in Injunction Suit.

Lisbon, July 16.—Leave to file answer instanter was granted by the court yesterday in the case of Florence Loutham vs. the village of Rogers. In this action the plaintiff sued for a permanent restraining order enjoining the village from grading a street so that it encroached upon her property, as was intended to do by the defendant.

To Soon Remodel Room.

Contractor E. I. Kille is making arrangements to begin the remodeling of the room at 61 East Main street, where the Nusbaum & McNeelan shoe store will be located. The lumber company began getting out the material Thursday, and the work of alteration will possibly begin about Saturday.

Other Paydays Postponed.

City officials and employes of Salem are not the only ones who have been delayed in getting salaries. The Massillon council failed to pass the semi-annual appropriation ordinance, and the city employes are patiently waiting for the cash which which may be two weeks in materializing.

Daughter Is Wanted.

Cleveland, July 16.—William H. Lamott of Alliance has asked the police department to locate Mrs. Lizzie Hayes, formerly Lamott, who is supposed to be in this city. The message stated that her father was dead and that she was wanted home as soon as possible.

Motion Was Not Overruled.

Lisbon, July 16.—In the Ambler vs. Osbourn case, which was argued before the court several days ago for a new trial, the montion was not overruled, but the court has the matter under advisement, and has not as yet given his decision in the matter.

Regular Jury Dismissed.

Lisbon, July 16.—The regular jury was dismissed for the April term of court last night by Judge Hole. There will be numerous other cases tried before the term closes, but either before the court or special juries.

Took Boy to Columbus.

Lisbon, July 16.—Sheriff Wells took Henry Jones, aged 13, to the home for feeble minded youth at Columbus today. The boy is a son of Mrs. Margaret Jones of East Liverpool.

OHIO STATE FAIR

58th Annual Exhibition to be Held in Columbus, August 31, September 1,2,3,4.

$40,000 IN PREMIUMS

Assuring the Grandest and Most Extensive Exhibition in the State's History—Unusual Interest Manifested by Residents of This County.

Ohio's 58th annual State Fair and Industrial Exposition will be held in Columbus August 31, September 1, 2, 3 and 4 next, and advance reoprts from the superintendents of the 17 distinct departments warrant the prediction that the coming exhibition will far eclipse any of its predecessors. The handsome premium list has just been issued and shows a thorough revision of classification in each department, while the premiums have been so increased that the aggregate amount offered reaches the princely sum of $40,000. This will be conducive in bringing out the grandest displays of field and garden products; the most magnificent types of pure bred stock and and extensive array of farm and shop labor-saving machinery, all combining to make Ohio's Fair the equal of many so-called National Expositions.

In keeping with their forward policy of advancement the managers have added many improvements since the close of the last exhibition, chief among which are the artistic covered walks connecting the various buildings, thus making possible a visit to the Exposition during the most inclement weather without inconvenience. This innovation will be highly appreciated by all visitors. For the convenience of exhibitors, as well as patrons, a commodious gentlemen's comfort station has been erected equipped with toilet and lounging rooms, and a modern tonsorial parlor. With the improvements above mentioned the Ohio State Fair enjoys the proud distinction of being the best equipped Exposition ground in the Union.

Unusual interest is being manifested in the Exposition from this section of the state, and as in addition to its educational influences, there will be band concerts, free feature performances by recognized stars and hotly contested harness races to amuse and entertain, no doubt this year will record a record-breaking attendance from this county.

Hyomei Gives Relief in Ten Minutes—Cures Over Night.

Everybody knows, or ought to know, that Hyomei is recognized among scientists as the specific for catarrh, asthma, bronchitis and hay fever, but there are a great many people who do not know that Hyomei will cure a cough or a cold in less than 24 hours.

But everyone should know that the soothing, balmy and antiseptic air of Hyomei when breathed over the raw and inflamed membrane of the nose nose and throat will instantly allay the inflammation, and will effect a prompt cure.

Complete Hyomei outfit, including inhaler, costs only $1.00 at Bolger & French's and M. S. Hawkins's. Extra bottles, if afterward needed, will cost but 50 cents.

Joseph M. Harbaugh, Heldredge, Neb., writes: "I have used your Hyomei in my family for two years or more, and find it one of the best remedies we ever used for a cold or sore throat. We find that it gives quick relief in cases of catarrh."
